

## **CCI Marseille Provence**

The Chamber of Commerce and Industry of Marseilles – Provence (CCIMP) is a French public entity of an administrative nature. It is a local Community dedicated to economics, managed by 60 members, company general managers, elected among their colleagues each 5 years. These ones elect among them one President and a cabinet composed by 8 vice-presidents.

The CCIMP employs 1200 agents to accomplish their missions that are:

Advising, promoting, protecting company interests and interests in the activity areas in its territory.

Supporting big territorial planning projects.

Helping emerging companies and innovation to get structured and developed.

Managing those infrastructures that are State dealerships, like the airport, or training establishments.

To defend the environment and security/safety of the economic activity.

To participate in the encouragement of organizations and associations in charge of the promotion of companies like the PACA logistic Cluster.
