

Microsoft

At Microsoft, we're motivated and inspired every day by how our customers use our software to find creative solutions to business problems, develop breakthrough ideas, and stay connected to what's most important to them. We run our business in much the same way, and believe our eight business divisions offer the greatest potential to serve our customers. They are:

- **Interactive Entertainment Business**

Key entertainment experiences that span gaming, music and video across multiple screens, including Xbox 360, Xbox LIVE, the controller-free Kinect for Xbox 360, and Xbox Music and Video, as well as PC and mobile interactive entertainment.

- **Microsoft Business Solutions**

A portfolio of Microsoft Dynamics products and services, as well as Microsoft Health Solutions.

- **Microsoft Office Division**

Productivity, collaboration and enterprise social products and services, including Office, Yammer, Exchange, SharePoint, Project, Visio, Perceptive Pixel, and Microsoft's speech technology investments.

- **Online Services Division**

Microsoft's search, portal, advertising and personal communications services, including online information offerings such as Bing and the MSN portals and channels.

- **Server and Tools Division**

Microsoft infrastructure software, developer tools and cloud platform, including products such as Windows Server, SQL Server, Visual Studio, System Center and the Windows Azure Platform.

- **Skype**

A division of Microsoft enabling communications from the living room to the board room, through its consumer and enterprise products Skype and Lync.

- **Windows & Windows Live Division**

All Windows businesses, including Windows, Windows Live and Internet Explorer.

- **Windows Phone Division**

Microsoft software and services for Windows Phones worldwide.

We are committed long term to the mission of helping our customers realize their full potential. Just as we constantly update and improve our products, we want to continually evolve our company to be in the best position to accelerate new technologies as they emerge and to better serve our customers.
