Onet Reception

An autonomous and independent group Our development approach is based upon duration and has been designed around a vision, that of an autonomous, independent group who, thanks to their business results, has the opportunity to develop.

Our business performance has not been achieved at the expense of our values -Respect, Openness, Innovation – but instead it has developed through a combination of these principles with our employees and our customers on a daily basis. Our values may remain unchanged. Our business, however, is developing in many areas.
