

## **Orange Horizons**

In January 2013, Orange launched a new subsidiary called Orange Horizons. This aims to seek out new business opportunities and provide a new means of support for customers travelling abroad in countries where the Group is not already present as a mass-market telecoms operator.

Six months later, Orange Horizons is present in seven countries including South Africa, Italy, Portugal, Germany, the Netherlands, Sweden and Denmark. In addition to the launch of local websites and e-commerce activities, Orange Horizons recently moved to a new stage of its development by opening physical stores with local partners in both South Africa and Portugal.

Orange is one of the world's leading telecommunications operators with sales of 43.5 billion euros in 2012 and has 166,000 employees worldwide at 30 September 2013, including 102,000 employees in France. Present in 32 countries, the Group has a total customer base of more than 232 million customers at 30 September 2013, including 175 million mobile customers and 15 million fixed broadband customers worldwide. Orange is also a leading provider of global IT and telecommunication services to multinational companies, under the brand Orange Business Services.
