

**Romain Geiss**

**Managing Director**

**CAPmena, France**

**Co-Founder**

**MENA Economic Forum**

Romain Geiss is co-founder of CAPmena, a Euro-Arab think-tank, and co-founder of the MENA Economic Forum. He is also founder and CEO of Institute for Medical Excellence.

After 3 years of advising premium medical institutions, together with his team and clients, Romain Geiss has decided to launch Institute for Medical Excellence to package and deliver exclusive personal and medical services to foreign patients. IME gives patients and caregivers the opportunity to get simplified access to most advanced therapeutic solutions for any illness, particularly rare, complex or chronic ones.

Before launching his own company, Romain Geiss worked for 5 years at Institut Montaigne, a leading thinktank in France, where he published several policy papers on higher education and healthcare.

Romain Geiss graduated from HEC Paris and Paris- Sorbonne University. He hold a double Master degree in management and international law and tax.
